

Wolf PAC's brand NEW online Cabaret Series is an exciting, intimate way to develop your love of musical theater.

**This program runs from September through December and does not require an audition.** Your Director will help find a song(s) that best encourages you to grow as a singer and actor. You will spend time learning about vocal technique, best practices for singers, how to convey character through song and most importantly, connect with your Cabaret Cast to create a full, cohesive final showcase.

In our "Letters From..." series, your performer will be working alongside their peers and a director to create a showcase that follows the theme of connecting and reaching out in our current world. You will be creating characters, choosing songs and building a piece that, though online, links us all together!

The showcase for our Cabaret Series will take place online the weekend of December 12th. There will be one performance safely live streamed to families and friends to watch and enjoy. Look for more details to come!
